## MEDICINAL

### IT SCARES PEOPLE

Who come of a consumptive family when they begin to cough and the lungs are painful. But it is a fact beyond dispute that consumption is not and cannot be inherited. The microbe which breeds disease must absolutely be received by the individual before consumption can be developed.

Men and women who have been afflicted with obstinate coughs, bronchitis, bleeding of the lungs, emaciation and weakness, have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It cures the cough, heals the lungs, and builds up the body with solid flesh.

"When I commenced taking your medicines, eighteen months ago, my health was completely broken down," writes Mrs. C. L. Sunderland, of Chesapeake, Calvert Co., Md. "At times I could not even walk across the room without pains in my chest. The doctor who attended me said I had lung trouble, and that I would never be well again. At last I concluded to try Dr. Pierce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better. I then directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pell's.' I am now almost entirely well, and do all my work without any pain whatever, and can run with more ease than I could formerly walk."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to cover expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

**KODOL**  
Digests What You Eat  
**Weak Hearts**  
Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and poisons the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

**Kodol**  
Digests What You Eat  
Mrs. Loring Nichols of Penn Yan, N. Y., writes: "After eating, my food would distress me by making my heart palpitate and become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured."

**Kodol**  
Digests What You Eat  
Kodol cures indigestion, dyspepsia, and all stomach disorders, and gives the heart a full, free and untrammelled action. Bottles only. \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c.

## GERMANY'S DENIAL.

The German government has sent a note to the United States relative to the report that Germany is seeking to acquire Colombia's interests in the Panama Canal Company. The note affirms that the report is utterly baseless, and it is understood, expresses the opinion that Germany's commerce would be benefited by the construction of the canal by the United States. It is learned at the State Department that Ambassador Tower has received from the German foreign office an unequivocal denial of the statement that found some currency a few days ago, to the effect that the German government was endeavoring to secure control of the Panama Canal franchise. The Ambassador's advice did not credit the German government with any feeling for or against the canal enterprise, but it is gathered that the state of the public mind in Berlin, certainly in commercial circles, is favorable to American construction because of the benefits expected to accrue to German shipping engaged in trade on the Pacific and on the west coast of South America.

It is said at the State Department that there is no change in the status of the negotiations with Colombia respecting the canal. Great impatience is exhibited at the delays and the failure of Colombia to accept the terms held out, and pressure is being brought to bear to hasten a conclusion, so that the President may, before the adjournment of the present Congress, have acquired control of either the Panama or the Nicaragua route and be in a position to begin the work of construction.

It is regarded as desirable to avoid a test of the legal status of the appropriations for canal purposes made in the Spooner act, and such a test might be necessary if the actual control of the property is not had before March 4. For this reason the impression is allowed to grow that Colombia will not be given much time in addition to what she has had in which to finally accept or refuse our terms. And as soon as he concludes that such a refusal is final, the President is prepared to send to the Senate treaties with Nicaragua and Costa Rica conveying the necessary authority for the construction of the Nicaragua canal.

## MILES OF COAL CARS.

The coal operators, combined and independent, are storing miles upon miles of fully loaded coal trains in the enormous New Jersey tidewater terminals, while in New York, separated only by a narrow strip of water, hundreds of thousands of persons are actually suffering for want of coal. The thermometer is recording a lower temperature, with the indication that the increased demand for coal will increase the price of coal. The operators do not believe that \$10 and \$12 is the topmost price the coal will bring, and they are holding it until the public can be squeezed of the last cent. In the Perth Amboy terminal yards it is estimated that there are sufficient loaded coal cars to extend, if placed in one train, fully six miles. In the Elizabethport yards the railroads are accumulating thousands upon thousands of tons, all in cars, ready to be released the moment the operators believe that the last price has been reached. The Long Island Railroad, controlled by the Pennsylvania, has the two North Shore tracks, extending from the East River to Woodside, two and a half miles, blocked with loaded coal cars, making one straight train of five miles in length. Fearing an attack, the company has stationed guards, armed with clubs and guns, all along the tracks, with orders to prevent persons from taking the coal. Various persons have appealed to the company to sell this coal, but all have been refused, with the exception of the employees of the company. Why they are holding it President Baldwin will not say. The whole length of the tracks is inclosed in fences, with occasional bridges over the tops of fences, under which the trains must pass. The guards have been stationed on these bridges and they threaten to shoot any person who attempts to take coal from the cars.

A VICTIM OF MAFIA.—On the blood-stained snow in Jackson Park, Chicago, where Tuesday night was found the body of an Italian disfigured by 36 dagger cuts, the police found yesterday a sign that may lead them to a Mafia tragedy. The men who did their prey to death Tuesday night knelt down besides his mutilated corpse, and with their stilettoes, from which his blood still dripped, they cut in the snow a mystic sign. It was like two capital A's laid crosswise. As their victim lay there dead this device was partially rubbed out by a white ribbon three feet long and two inches wide, which hung from his pocket. What meaning the two triangles have no one knows positively except the murderers. What the white ribbon means no one knows. It was jammed through into the man's pocket, it is certain, for there are the marks upon one end of bloody fingers. The man's money was not touched and his revolver was still in his possession. The body has not been identified.

## The best at one-half price

It takes five of the ordinary "quarts" to make a gallon, but a HAYNER QUART is a full quart, an honest quart of 32 ounces, four to the gallon. Now, you pay your dealer at least \$1.25 a bottle for whiskey that cannot possibly be any better than HAYNER. If as good, or even a gallon. If you buy HAYNER WHISKY you save at least \$1.00 on every gallon. We sell two gallons for about the same as you pay for one gallon of probably poorer whiskey. Just think that over and remember that HAYNER WHISKY goes direct from our distillery to you, carries no UNITED STATES REGISTERED DISTILLERS' OF ASSAULT OF PURITY and AGE and saves you the dealer's enormous profits. That's why it's so good and so cheap. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.

## Direct from our distillery to YOU

Saves Dealers' Profits! Prevents Adulteration!

## HAYNER WHISKY

PURE SEVEN-YEAR-OLD RYE

4 FULL QUARTS \$3.20 EXPRESS PREPAID

We will send you FOUR FULL QUART BOTTLES OF HAYNER'S SEVEN-YEAR-OLD RYE for \$3.20, and we will pay the express charges. Try it and if you don't find it all right and as good as you ever used or can buy from anybody else at any price, then send it back at our expense and our \$3.20 will be returned to you by next mail. Just think that over and over. How could it be fairer? If you are not perfectly satisfied, you are not out a cent. Better let us send you a trial order. If you don't want four quarts yourself, get a friend to join you. We ship in a plain sealed case, no marks to show what's inside.

Orders for Ariz., Cal., Colo., Idaho, Mont., Nev., N. Mex., Ore., Utah, Wash. or Wyo. must be on the basis of 4 Quarts for \$4.00 by Express Prepaid or 20 Quarts for \$16.00 by Freight Prepaid.
